Office Deseret Agricultural & Manufacturing Society,

Salt Lake City, May 24th, 1878.

To the Agricultural and Horticultural Societies,
Gardeners' Clubs and Leading Men of the
different Counties and Stakes of Utah:

DEAR BRETHREN:—We intend holding a Territorial Fair in this City, commencing October 2nd, next, to be continued several days. We are anxious to make it as complete and interesting as possible. The resources and facilities of the Territory are ample, if we can but awaken the necessary interest in the minds of those who possess them.

We take the liberty of appealing to you to please use your influence among the people to make this a success in every department.

We send you herewith a copy of the premium lists. Contributions for exhibition of all articles therein enumerated will be thankfully received.

Will you kindly advertise this event thoroughly in your localities, especially among those who are able to render material aid. No doubt arrangements will be effected whereby exhibitors will receive the advantages of low rates of transit over the railroads.

An answer will oblige

Respectfully, etc.,

R. V. MORRIS,

Corresponding Secretary,

Deseret Agricultural & Manufacturing Society.
